RE: Letter of Referral

To Whom It May Concern:

This letter is to introduce you to National Auditing Services & Consulting, LLC and to recommend them to you to secure refunds that may be due your organization for either water, gas, electric or real estate taxes for your organizations' property.

As a not-for-profit organization, funding is extremely important to us. National Auditing Services & Consulting, LLC worked on behalf of Bethel Gospel Assembly, Inc. and was able to secure a significant refund for our church through use of a proprietary database. Through timely submission of documents that were requested from us and through their research, we were very pleased with the refunds that we received.

National Auditing Services & Consulting, LLC continues to work on our behalf as additional information becomes available. I believe you will find that their professional services will enhance your organizations' budget.

Sincerely,

A handwritten signature in blue ink that reads "Michelle P. Robinson". The signature is fluid and cursive, with the first letters of each word being capitalized and prominent.
