Dear Carmine:

I would like to thank you and your team for the excellent results in obtaining a refund on Metallix's utility bills. While I thought NASC would provide some recovery, the actual amount was much more than I anticipated. Your staff handled the entire process with minimum effort on Metallix's part.

It was a pleasure working with NASC and I would recommend your services to others.

Sincerely,

A handwritten signature in blue ink that reads 'R. Housman'.
