RE: Reference Letter for Services Performed

Dear NASC:

Thank you for the excellent auditing work your team performed on Nyack Hospital's utility and telecom bills. Everything NASC promised was delivered. The refunds that you generated were very appreciated but, more importantly, you provided us assurance that most of Nyack's bills were properly stated all along.

Your team handled the entire process with little involvement on Nyack's part although there were several correspondences in order for NASC to ensure everything was covered properly. I will be more than happy to recommend your services to other hospitals that Nyack has relationships with.

Thank you, again, for helping us obtain the refunds we were entitled to and for giving us a clean bill of health on our utility and telecom bills in general.

Sincerely,
